Hey Mary!

Looks like we don't need Judith tonight – we are going to use more of the interview she did with CNN on tape (we also ran some of it last night). But thanks so much for your help! Talk soon –

Sarah

Judith can do this, let us know what time and what time she needs to be there. Also, just re-send the instructions for where to go and who to meet.

Hi Ms. Mears

Good morning! I'm a producer at Erin Burnett's show and we are covering the story of the Delaware family that might have been poisoned from a pesticide exposure in the US Virgin Islands. I understand that your region is handling this case. Would you or someone from the EPA be available tonight to discuss this latest? Sometime between 7-8p ET. Please let me know as soon as possible. Thanks!!

Best,

Sarah Boxer
